CRN Names The Brookfield Group To Its 2022 MSP 500 List

Carmel, Indiana February 17, 2022 – The Brookfield Group announced today that [CRN®](#), a brand of [The Channel Company](#), has named The Brookfield Group to its 2022 Managed Service Provider (MSP) 500 list in the MSP Pioneer 250 category. CRN’s annual MSP 500 list identifies the leading service providers in North America whose forward-thinking approaches to managed services are changing the landscape of the IT channel, helping end users increase efficiency and simplify IT solutions, while maximizing their return on investment.

With many customers still recovering from the impact of the ongoing pandemic, MSPs have become a vital part of the success of businesses worldwide. MSPs not only empower organizations to leverage intricate technologies but also help them keep a strict focus on their core business goals without straining their budgets.

The annual MSP 500 list is divided into three sections: the MSP Pioneer 250, recognizing companies with business models weighted toward managed services and largely focused on the SMB market; the MSP Elite 150, recognizing large, data center-focused MSPs with a strong mix of on- and off-premises services; and the Managed Security 100, recognizing MSPs focused primarily on off-premises and cloud-based security services.

“In addition to having to adjust their own business operations to account for the changed conditions during the pandemic, MSPs have also seen increased demand for their managed communications, collaboration and security services,” said Blaine Raddon, CEO of The Channel Company. “The solution providers on our 2022 MSP 500 list deserve credit for their innovative and game-changing approaches to managed services in these unpredictable times, as well as their ability to optimize operational efficiencies and systems without straining IT budgets.”

“We strive to offer the very best in managed services to our clients and our community. Our team participates in continued education and certifications to offer latest, best-of-class technology and unmatched customer service,” said Daniel Abdallah, CTO of The Brookfield Group. “We are honored to once again be recognized by the Channel Company and be named to the CRN 2022 MSP 500 list.”

The MSP 500 list will be featured in the February 2022 issue of CRN and online at www.crn.com/msp500.

About The Brookfield Group

The Brookfield Group is a full-service managed technology company dedicated to providing innovative solutions and support to businesses.
